**** STAFF REPORT ****

PROJECT DESCRIPTION

This is a request for a Rezoning of property from U (Undeveloped) [M (Medium Density Residential) General Plan designation] to R-3 (Medium Density Residential) on 4.71 acres adjacent to the north side of Silver Sky Drive, approximately 500 feet east of Roland Wiley Drive. There is an associated request for a Site Development Plan Review (SDR-33010) for a proposed two and three-story 120-unit Senior Citizen Apartment development with a Waiver to allow a zero-foot landscape buffer along the west perimeter where six feet is required and a Variance (VAR-33012) to allow a 79-foot setback where Residential Adjacency Standards require 136 feet. The proposed R-3 (Medium Density Residential) zone will be consistent with the existing M (Medium Density Residential) General Plan designation, as well as bring the proposed use into conformance with Title 19 and the General Plan; therefore, staff is recommending approval of the Rezoning request.

ANALYSIS

The subject site has a current General Plan designation of M (Medium Density Residential). The Medium Density Residential category includes a variety of multi-family units such as plexes, townhouses, and low-density apartments. This category allow up to 25.49 units per acre.

This is a request to Rezone the site from U (Undeveloped) [M (Medium Density Residential) General Plan designation] to R-3 (Medium Density Residential). The purpose of the proposed R-3 (Medium Density Residential) zoning district is to provide for the development of a variety of multi-family units such as duplexes, townhouses and medium density apartments. The R-3 (Medium Density Residential) district is consistent with the policies of the Medium Density Residential category of the General Plan, and the proposed Senior Citizen Apartment development is a permissible use within the R-3 (Medium Density Residential) zoning district; therefore, staff is recommending approval of the Rezoning request.

FINDINGS

In order to approve a Rezoning application, pursuant to Title 19.18.040, the Planning Commission or City Council must affirm the following:

1. “The proposal conforms to the General Plan.”

The proposed R-3 (Medium Density Residential) is consistent with the existing M (Medium Density Residential) General Plan designation.

2. “The uses which would be allowed on the subject property by approving the rezoning will be compatible with the surrounding land uses and zoning districts.”

This Rezoning, if approved, would permit multi-family residential uses that are compatible with the existing General Plan designation and the surrounding multi-family residential developments.

3. “Growth and development factors in the community indicate the need for or appropriateness of the rezoning.”

The proposed R-3 (Medium Density Residential) zoning district is appropriate for the proposed Senior Citizen Apartment Development, and will be consistent with the existing M (Medium Density Residential) General Plan designation.

4. “Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed zoning district.”

The site is accessed via one existing and one proposed driveway onto Silver Sky Drive which in turn accesses Roland Wiley Road, both designated as 60-foot wide Local Streets by the Master Plan of Streets and Highways. Roland Wiley Road provides direct access to Westcliff Drive, a 100-foot Primary arterial as designated by the Master Plan of Streets and Highways. All three roadways will provide adequate access to the site and will not negatively impact adjacent roadways or neighborhood traffic.
